

# IMPLEMENTATION

Our mission is to build a healthy community with a focus on the holistic development of children through education, healthcare, food and shelter. The project will help children grow and achieve their full potential which eventually would result in communities breaking free from poverty.

## TRANSFORMING LIVES THROUGH EDUCATION THE POWER TO CHANGE IS IN YOUR HANDS

### LIGHT TO LIFE

Countless children all over India are unable to afford their education. Many live in poverty, in places where aid rarely reaches them. In their quest for education they face obstacles-exorbitant fees, transport expenses etc., which threatens to end their dreams. Most of them simply drop out from schools at an early age to work and make ends meet.

'Light to Life' is a social development endeavour to ensure that children from poor communities get access to life's essentials and enable them to lead a life of dignity. The great need of the hour is compassion and generosity. Unless we pitch in to help, many will never be able to make the transition to a better life.
